

Festival City Theatres Trust Model Publication Scheme Review

Festival City Theatres Trust (Festival and King's Theatres, Edinburgh) has adopted the Scottish Information Commissioner's Single Model Publication Scheme (MPS).

In adopting the Single Model Publication Scheme, Festival City Theatres Trust has produced a Guide to Information which will:

- Allow you to see what is available (and what is not available) in relation to each class of information
- State what charges may be applied
- Explain how to find the information easily
- Provide contact details for enquiries and to get help with accessing the information
- Explain how to request information which has not been published

To view the Guide to Information visit www.edtheatres.com/foi

Alternatively you can contact us on 0131 662 1112 to ask for a copy of the document to be posted to you.

Reviewing the MPS

On a monthly basis, the Commercial Director of the Trust will review the items published in the MPS and update as required.

This will include adding the latest board minutes, KPI graphs, policy updates and any other items that may have been updated or added to the Trust's portfolio of information.

On an annual basis, the Commercial Director of the Trust will review the MPS as a whole and make changes as required to the content and format to best suit the Trust's current position and to reflect best practice and understanding amongst Freedom of Information practitioners.

Changes to the MPS will be logged in this document.

The Trust's Freedom of Information web page at www.edtheatres.com/foi will also be updated with each request received. The initial request will be published and once the request has been concluded, the entry will be updated with the outcome. Newly published requested information will be added to the MPS at the next monthly update.
